

FITTING INSTRUCTIONS

XK140-150 Getrag gearbox conversion kit

Partnumber: 020.219

The kit comes complete with a :

- propshaft
- speedo cable
- adaptor piece
- completely rebuilt 5 speed gearbox.

This XK140/150 Getrag conversion kit **MUST** be fitted by an experienced workshop as it can require welding or modification to the chassis or mounts.

The conversion plate allows direct fitting onto the manual bellhousing.

The speedo drive is likewise threaded for the XK140/150 overdrive angle-drive box and then onto the standard overdrive speedo cable drive.

The propshaft is 965mm long.
