About our supplier

Models, material and specifications

Supplier

Our hoods are made by Prestige Autotrim in England. They are dedicated to engineering quality car hoods for the British and European market, for over 35 years. Prestige Autotrim has a worldwide reputation for innovation and excellence. Each car hood is made by expert pattern makers.

Fitting department

Their dedicated Fitting Department installs and evaluates products on their own cars and customer cars to ensure the products continually meet or exceed OEM standards of quality and precision fit. Improvements in installation methods are continually evaluated by the fitting department and implemented where possible to ease the installation process. Long term road testing is carried out to ensure that quality standards are maintained.

Precision fit

Precision pattern making and continuous investment in the latest CAD/CAM equipment mean that Prestige convertible tops & Interior Trim are made to more exacting standards than many others. This Hi Tech manufacturing process means that their products are now even better than many of the original equipment tops and trim of the past.

They continually strive to ensure their products are widely considered equal to or better than those installed originally when the vehicle was new.

Product details

Models, material and specifications

Classic car models:

The classic car hoods in this document are suitable for all of these classic car brands: MG, Triumph, Austin Healey, Jaguar and Morris Minor. The hoods are specifically designed for these classic car models. The fitting department of our supplier will make sure that their products continually meet or exceed OEM standards of quality and precision fit.

Material:

The classic car hoods are made from PVC or Sun fast. The PVC used is *Cabriotex® Classic British SV Vinyl*. It is considered to be the best choice of material for enthusiasts looking to retain the original factory appearance of Classic British Sports Cars. Typical life expectancy: 10+ years.

Fabric:

The fabric used for our sun fast hoods are *Haartz® Twillfast & Sonnenland*. The fabrics are the Factory Original fabrics for Europe's leading luxury manufacturers, such as Porsche, Mercedes, BMW, Bentley, ... These are widely considered to be the finest car hood fabrics available. Typical life expectancy: 20+ years.

Cabriotex® Classic British SV Vinyl

Haartz® Twillfast & Sonnenland

100% waterproof:

The hoods are 100% waterproof and weather proof.
No need to treat the fabric with a special product.

Precision fit:

Digitised pattern making and computer controlled cutting machines accurate to $\pm 0.01\text{mm}$ ensure the highest standards of quality and fit. The hoods are therefore better than the original material from the past.

Windows:

The windows are made from premium plastic. All of our Prestige Autotrim hoods are premium quality hoods. They are made with DOT approved *Strataglass™* plastic windows. *Strataglass™* has been developed with a unique scratch resistant coating that offers exceptional long term durability.

Cabriotex™ Classic British Vinyl

The original quality vinyl for most Classic British Sports cars. Cabriotex™ Classic British Vinyl features the period stag grain facing and is widely considered to be the best choice of material for enthusiasts looking to retain the original factory appearance of a Classic British sports car.

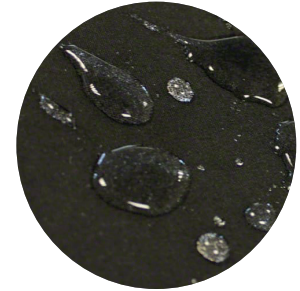

The vinyl offers superior wear and tear characteristics compared to many other vinyls and has a typical life expectancy of 10+ years.

Advantages

- OEM standards
- Precision fit
- Continuous improvement by our supplier, Prestige Autotrim
- Better fit than original equipment from the past
- Weather resistant
- Easy installation
- Authenticity and detail
- Quality premium materials

Haartz Twillfast® II & Haartz Sonnenland® Fabrics

Haartz Twillfast® II and Haartz Sonnenland® are the Factory Original fabrics for Europe's leading luxury car manufacturers, such as Porsche, Mercedes, BMW, Audi, VW and Bentley. They are widely considered to be the finest car hood fabrics available.

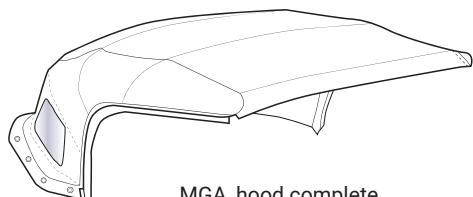

The fabrics feature a rubber membrane sandwiched between a dense twill weave facing and backing and provide superior strength, durability, workability and finish when compared to other car hood fabrics. The typical life expectancy is 20+ years.

Cabriotex™ Classic British Vinyl

The original quality vinyl for most Classic British Sports cars. Cabriotex™ Classic British Vinyl features the period stag grain facing and is widely considered to be the best choice of material for enthusiasts looking to retain the original factory appearance of a Classic British sports car.

The vinyl offers superior wear and tear characteristics compared to many other vinyls and has a typical life expectancy of 10+ years.

Advantages

- OEM standards
- Precision fit
- Continuous improvement by our supplier, Prestige Autotrim
- Better fit than original equipment from the past
- Weather resistant
- Easy installation
- Authenticity and detail
- Quality premium materials

Haartz Twillfast® II & Haartz Sonnenland® Fabrics

Haartz Twillfast® II and Haartz Sonnenland® are the Factory Original fabrics for Europe's leading luxury car manufacturers, such as Porsche, Mercedes, BMW, Audi, VW and Bentley. They are widely considered to be the finest car hood fabrics available.

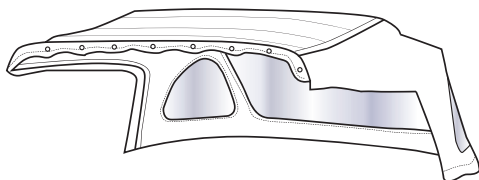

The fabrics feature a rubber membrane sandwiched between a dense twill weave facing and backing and provide superior strength, durability, workability and finish when compared to other car hood fabrics. The typical life expectancy is 20+ years.

Cabriotex™ Classic British Vinyl

The original quality vinyl for most Classic British Sports cars. Cabriotex™ Classic British Vinyl features the period stag grain facing and is widely considered to be the best choice of material for enthusiasts looking to retain the original factory appearance of a Classic British sports car.

The vinyl offers superior wear and tear characteristics compared to many other vinyls and has a typical life expectancy of 10+ years.

Advantages

- OEM standards
- Precision fit
- Continuous improvement by our supplier, Prestige Autotrim
- Better fit than original equipment from the past
- Weather resistant
- Easy installation
- Authenticity and detail
- Quality premium materials

100% weather proof

Haartz Twillfast® II & Haartz Sonnenland® Fabrics

Haartz Twillfast® II and Haartz Sonnenland® are the Factory Original fabrics for Europe's leading luxury car manufacturers, such as Porsche, Mercedes, BMW, Audi, VW and Bentley. They are widely considered to be the finest car hood fabrics available.

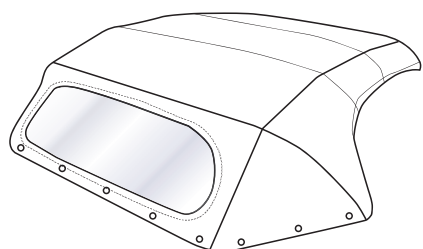

The fabrics feature a rubber membrane sandwiched between a dense twill weave facing and backing and provide superior strength, durability, workability and finish when compared to other car hood fabrics. The typical life expectancy is 20+ years.
